2010 -2016	Various art projects in India

I am a bilingual, cultural hybrid, born in London, raised in Sydney Australia, studied in England, and since 1983 live and work in Vienna. My aim in life has been to create images reflecting my concerns, thoughts, fears and emotions related to the world I inhabit, as it changes and evolves. I have often spent time privately and professionally in Germany, USA, England and India.
